

BOWMANVILLE ZOO

Curriculum Vitae

BOWMANVILLE ZOO

Canada's oldest private zoo established in 1919, is an accredited member of CAZA, the Canadian Association of Zoos and Aquariums and is a winner of the prestigious Thomas Baines Award for outstanding excellence and achievements. Bowmanville Zoo has over 300 creatures including many famous animal celebrities.

Bowmanville Zoo is one of the largest suppliers of trained animals for the feature film and television industry. As an accredited member of CAZA, the Bowmanville Zoo brings the highest standards of animal welfare and conservation to its animal programming.

Maintaining the largest stable of trained movie and television animals in Canada, the Bowmanville Zoo bring cutting edge operant conditioning techniques and behavioral modification to the animals under its stewardship. While concentrating upon the large feline predators and elephants, the zoo has enjoyed great success with a wide array of mammalian, reptilian and avian species.

While the development of appropriate animals for the feature film and television markets remains one of the major activities of the zoo, it is a smaller part of the principal ongoing efforts to educate and instill stewardship ethics of our planet in visitors to the Zoo.
